Killed by the Revolutionists.

IMMENSE RAILROAD EARNINGS.

Creditors Meeting of Irving A. Evans & Co.

Real Estate Dealer Charged With Embezzlement.

Chinese Rebels Victorious.

By Cable and Associated Press.  
LONDON, Nov. 16.—A correspondent at Shanghai says: The capture of Tehlei, near Foo Choo, Tuesday, by 15,000 rebels, was well organized. The rebels were armed with repeaters and led by capable men. The outbreak was directed mainly against the authorities, though anti-foreign cries were heard. The officials were powerless.

The European residents are apprehensive of a spread of the revolt. The British consul here, in an interview, said he believed the recent quietude was only temporary, spring and summer being a favorable period for outrages in China. Light draft gun-boats are an absolute necessity to protect Europeans in entering at river treaty ports, where massacres will inevitably follow any foreign demonstrations unless special preventive measures are adopted. In spite of the semi-official statement that two of the Schang rioters have been beheaded and others bastinadoed, it is notorious that the real culprits are still free, being protected against arrest by exalted officials. The agents of the Pekin treasury paid the indemnities agreed upon, £2,000 to the sufferers at Wuchu and £4,000 to the families of the Europeans killed at Wusueh. American missionary Dart expressed the opinion that the trouble will be renewed next spring.

Immense Earnings.

By Associated Press.  
BALTIMORE, Nov. 16.—Charles F. Mayer, President of the Baltimore and Ohio Railroad Co., submitted to the stockholders, at the annual meeting held here to-day, his statement of the affairs of the company for the fiscal year that ended September 30th, 1901. The stockholders were so well pleased with the statement that they voted that a minute be made of their appreciation of the prudent, wise and energetic management of the affairs of the company by President Mayer. The table of operations for the year shows the net earnings to be \$7,452,000. The income from other sources make a total of \$8,712,000. From this deduct the interest on the bonded indebtedness, rentals, taxes and other charges and it leaves a balance of \$2,002,000.

Arrested for Train Robbery.

By Associated Press.  
GALENA (Ill.), Nov. 16.—Ralph White, one of the men held at Racine, Wisconsin, under suspicion of being implicated in the train robbery at Western Union Junction, is a member of one of the best and wealthiest families in this country, being a son of J. W. White, President of the Hanover Woolen Co., and a nephew of Senator Cheney of New Hampshire. He is well known here as an excellent young man with a passion for hunting. He left here a week ago to indulge it with his cousin, Henderson, who is also favorably known here. Their friends scoff at the idea that they had anything to do with the robbery.

Three Mexican Soldiers Killed.

By Associated Press.  
RIO GRANDE CITY (Texas), Nov. 16.—News was received here to-day that on the 12th instant Catarino Garza and about 100 men met several hundred Mexican soldiers near Mier. Catarino held his ground. A volley was fired at his force, but with no damage, and it was returned by the revolutionists, causing the death of three soldiers and the wounding of one. The government forces fell back in disorder.

Train Making in India.

By Cable and Associated Press.  
LONDON, Nov. 16.—A dispatch from India tells of a number of private experiments in that country with dynamite explosions, with a view to induce rain. The dispatch states that dynamite explosions were tried on the hills of Madrid at an altitude of 500 feet, and that the explosions produced smart showers over an area of four or five square miles.

The Anti-Lottery Cases.

By Associated Press.  
WASHINGTON, Nov. 16.—Argument was begun in the United States Supreme Court to-day in the anti-lottery cases, in which the constitutionality of the recent anti-lottery law is involved. The suits are those brought by the United States against John Rapier, publisher of the Mobile Register, and George W. Dupree, a publisher in New Orleans, for violating the law prohibiting the sending through the mails of newspapers containing lottery advertisements. The court has already submitted briefs giving the line of argument, which has been published by the press.

The first question came up, when Carter, a well-known New York lawyer, asked the pleasure of the court as to the time to be allowed for argument. The court suggested three hours for the lottery people and two for the government. This was not satisfactory to Carter, who wanted five hours, and Attorney-General Miller said the United States and people had as much interest in the case as the other side, and thought one side should not have more than the other, though he probably would not want more than two hours. The court required the argument to proceed, and it would if necessary extend the time. Handy Saylors of Mobile opened the argument for Rapier.

Caused a Panic.

By Cable and Associated Press.  
VIENNA, Nov. 16.—Saturday's panic is partly due to the loose talk current of the splendid opportunity offered by the Russians present condition for an attack upon her by the Dreibund, in order to terminate peace and prevent Russia and France from completing the enormous preparations that are likely to place them on an equality with the Dreibund.

A bulletin issued from the Marlborough House this afternoon states the fever is running its usual course. The condition of the Prince still remains favorable. The tone of the stock exchange to-day has been depressed. Little business was done, and the greater portion of this consisted in bear transactions. Russian securities dropped one point. South American securities, however, are firmer.

A Strike Imminent.

By Associated Press.  
KANSAS CITY, Nov. 16.—Trouble is brewing among the freight conductors and brakemen of the Kansas City, Fort Scott & Memphis Railroad, which threatens to develop into a strike. The conductors and brakemen have several grievances against the road, and among other things demand an increase of wages and a reduction of the number of hours. The company refuses to accede to the demands. A meeting will be held next Wednesday, at which, it is said, the employees will declare a strike.

The Bourse Weak.

By Cable and Associated Press.  
VIENNA, Nov. 16.—The Bourse here to-day was very weak and unsettled. Large sales were made in order to get rid of doubtful securities. Hungarian gold rentes dropped 1½ per cent. In the evening, although the Bourse was weak and unsettled during the day, the tone became better in late dealing and the market closed rather firmer. At the Anglo-Austrian Bank, shares and Hungarian gold rentes closed one per cent down on the day.

Death of the Daughter of a Celebrated Man.

Special to the GAZETTE.  
ST. HELENA (Cal.), Nov. 16.—Mrs. Carolina Bale King, wife of the pioneer wine maker, Charles King, died this morning after an illness of three weeks. Mrs. King was a daughter of the late Doctor E. T. Bale of the celebrated Bale grant, at one time the owner of thousands of acres of the choicest land in the upper Napa valley.

Price of George Improving.

By Cable and Associated Press.  
LONDON, Nov. 16.—The alarm excited by the announcement of the serious illness of Prince George, second son of the Prince of Wales, who is suffering from an attack of enteric fever, was allayed this morning by the announcement that he passed a good night and that he is making satisfactory progress toward recovery.

A Total Wreck.

By Associated Press.  
SELKIRK, Nov. 16.—In last night's gale the schooner Montcalm of Toledo, loaded with iron ore, was driven on the rocks half a mile below Selkirk, on Lake Erie, where she now lies, a total wreck. One of the crew swam ashore. The others, five in number, are still on the wrecked vessel.

A Denial.

By Associated Press.  
WASHINGTON, Nov. 16.—The Brazilian Minister has received a cablegram affirming the denial of trouble outside of Rio Grande do Sul, where the issue is purely local.

The Reports of Tranquility in Brazil Confirmed.

Denials From Brazil.

By Associated Press.  
WASHINGTON, Nov. 16.—Senator Mendocino, the Brazilian Minister here, received the following by cablegram from the Brazilian Minister of Foreign Relations, dated November 14th: Affirm that complete tranquility reigns in all States except Rio Grande, where conflicts provoked by questions pertaining to local politics occurred, with which, in virtue of the constitution, the Federal Government could not interfere. Deny rumors of secession; the idea is condemned by all Brazilians. Affirm that no State thinks of seceding. Deny that members of the dissolved Congress in foreign legislatures are refugees. Nearly all the members of Congress returned to their States. Those who remain here go about the city at liberty. Thus far the Government has taken no violent measures. The day will be set for the next election and Congress is convoked to meet immediately after.

General Deodoro will review the troops to-morrow, the anniversary of the proclamation of the Republic.

Old Brazil.—The Minister also received private information to the effect that the length to which the reported revolutionary movement in the State of Para went, was the adoption by the State Assembly of a set of resolutions condemning the action of the President, and approving the course pursued by Congress.

Charged With Embezzlement.

Special to the GAZETTE.  
SAN FRANCISCO, Nov. 16.—C. H. Street, a real estate dealer and ex-manager of the California Immigration Association, was arrested this morning on a charge of embezzlement, on complaint of Alma Smith, a widow living in Berkeley, who claims she gave Street \$15,000 to invest for her, and he told her he had placed the money out at interest, taking a note as security. She claims she lost \$500 by the transaction.

Fears of a Great Loss.

By Cable and Associated Press.  
LONDON, Nov. 16.—Intense anxiety prevails among the relatives and friends of the crews of the Brightling sea fishing fleet and all vessels which were at sea when the recent storm burst upon the English coast. Not one vessel of the fleet has returned to port since the gale began, and it is feared the whole fleet is lost.

Salvationist Shot.

By Associated Press.  
OMAHA, Nov. 16.—Captain Hattie Smith, of the Salvation Army, who was shot last night by Nettie Beidle, was removed to the Child's Hospital early this morning. Physicians are still inclined to think that she cannot live, although she is now doing well.

A Nevada City Fire.

Special to the GAZETTE.  
NEVADA (Cal.), Nov. 16.—The dwelling house of Casper Fogeli on upper Main street was burned last night. Loss \$1,200, insurance \$1,000. The United States brewery and other adjoining buildings were saved with great difficulty.

The Bruner Case.

Special to the GAZETTE.  
SACRAMENTO, Nov. 16.—J. C. Campbell argued before the Supreme Court to-day in favor of Bruner for a writ of prohibition to restrain Judge Wallace from proceeding under the indictments found by the San Francisco Grand Jury against the Assemblyman. The Court announced that one hour and a half would be allowed each side, and Campbell took up that amount and the Court was not disposed to enforce the time limit strictly. Campbell argued that the sheriff and coroner were disqualified. If the judge could do that, he said, the Court would blush to hear it, or else he would take out a patent on the process under which he claimed the liberty of no citizen would be safe.

The counsel cited a long list of authorities and held many more back which he said he would use in the closing argument this afternoon. Campbell also attacked the argument, alleging the malefascence occurred, if at all, in Sacramento and not in San Francisco, where indicted.

Al Rhodes opposed the petition, claiming that Judge Wallace had legal discretion to order elisor to summon the Grand Jury. He was cut short by the arrival of the noon hour. The argument will take up the balance of to-day's session.

A Modesto House Burglarized.

Special to the GAZETTE.  
MODESTO (Cal.), Nov. 16.—The Ross House was burglarized last night. The room of W. E. The room of Charles Maze, Jr., one of the proprietors, was burglarized of \$160 and a gold watch and chain. The check stolen was on the Modesto Bank. No arrests have yet been made.

Creditors' Meeting.

By Associated Press.  
BOSTON, Nov. 16.—At the creditors' meeting of Irving A. Evans & Co. this forenoon the following statement was made: Unsecured liabilities, \$293,000; probable assets, \$195,141. Kendricksen, one of the assignees, suggested that the creditors be settled with on a cash basis. If this is done a dividend of 60 per cent can certainly be declared.

Russian Securities Depressed.

By Cable and Associated Press.

Rocked in the Cradle of the Deep.

Sounds rude, don't it? But O. how fast and furious are the buckings in rough weather. The intestinal weakness begotten in your trials by the sea's commotion beggars description. What's the proper cure under these circumstances? Take Hostetter's Stomach Bitters. Nothing comparable to it for remedying sea sickness or the kindred troubles from which many delicate land travelers suffer. Dyspepsia, cramps, constipation and biliousness also are invariably and promptly remedied by the Bitters. Exposure in rough weather is often productive of harmful consequences, which may, however, be averted by the timely use of the Bitters, which defuses an agreeable active circulation of the blood in the extremities, when benumbed and chilled. Malaria, kidney trouble, rheumatism and debility are remedied by the Bitters.

SATURDAY'S MEETING.

What Was Done by the Note Signers.

Little Jealous Bickerings Should be Done Away With if We Want to Grow.

At a meeting of the gentlemen who signed a note for the payment of \$4,000 to the Bank of Nevada two years ago, for the purchase of 320 acres of land for a reservoir site near the headwaters of the Little Truckee river, held at the County Clerk's office Saturday afternoon, J. P. Foulke was chosen Chairman and Allen C. Bragg Secretary. After a rather heated debate pro and con as to the liability of the signers, a committee consisting of Judge Webster, Wm. Thompson and W. H. Gould was appointed to investigate what the purchase consisted of and such other data as the signers were not in possession of, and requested to report at a meeting to be held on Saturday, the 23rd of November. Many of the signers seemed to labor under a misapprehension that it was a "job" to defraud them. Many of them said that they were told their names were only required to make a showing and that they would never be called upon to put up a dollar; that Mr. Newlands would take the property and hold it with his other purchases. There was a slight disposition, on the part of some of the signers to blame Mr. Newlands for the fact that their names were on the note. A letter read from that gentleman by Mr. Bragg, a copy of which is herewith published, was very satisfactory.

On TRIN, November 11, 1891, DEAR SIR: In the few moments' conversation which I had with you and Mr. Foley at the station this morning regarding the meeting called at the instance of the Bank of Nevada for Saturday next, I stated verbally my view of the transaction; but my short stay at the station was not sufficient for a full consideration of the matter and I have concluded to write you at length.

As I understand it, about \$74,000 worth of property has been acquired in the Sierra Nevada mountains in California, which is essential to a complete storage system for the supply of the Truckee Meadows and the lands adjacent thereto. Of this property \$4,000 worth has been purchased by the Bank of Nevada, and about \$70,000 worth, more or less (I cannot recall the exact figures), by me.

The purpose of these purchases was to enable the people on the Truckee to effect some kind of organization which would enable them to purchase and develop these properties. They were all purchased during the summer of 1880, a season of great drought and scarcity, when the people began to realize the necessity of securing Government aid and when the necessity for action was apparent.

The Bank of Nevada has as security for its purchase, not only the land itself, but the signatures of 58 prominent men of Washoe county to a promissory note for \$4,000. I have not sought to associate any one with me in the obligation for the purchase money of these lands and I have made the public statement that I would hold them until the community could have a reasonable opportunity to determine whether I wished to acquire them. If it did not act within a reasonable time, then I would be at liberty to dispose of them as I thought best.

These lands were purchased after the Nevada Bank purchase, with the approval of a committee appointed by the Washoe Improvement Association (which was subsequently merged into the State Board of Trade), consisting of our most prominent citizens.

The lands which I have purchased consist of reservoir sites at Lake Tahoe, Donner Lake, Henness Pass and Saddle Valley. As timber and agricultural lands they are worth all that I paid for them, and for storage purposes they are worth very much more than I paid for them. My purpose in acquiring them was to save the community from extortion, for I knew that by the time they would get into the hands of speculators they would be well known, and that in addition to great delay in securing scattered properties, extortionate prices would be demanded, which would probably defeat the undertaking.

At the last session of the Legislature an Act was passed providing for the formation of water districts in different parts of the State. Under that Act the people of Washoe can organize themselves into a water district, by a popular vote, and then after the district is organized they can determine and elect the storage system which they propose to construct, and provide for the issuance of bonds for the payment of such cost. In this condition of things the Bank of Nevada makes demand upon the fifty-eight citizens for its money, and the statement is made that the reason for the demand is that I have failed to take this land from the bank.

It is difficult to recall the exact details of scattered conversations, but my recollection is that when the matter of the Nevada Bank purchase was first broached to me in 1889, I simply expressed a willingness to carry the property held by the bank, as I proposed to carry the properties which I have since acquired, as parts of a general storage system, for a reasonable time, until the community could organize for their acquisition. Later on, when I found that considerable money would be required, not only in the acquisition of the property which I now hold, but in the construction of the dam at Donner Lake, the benefits of which the community has been receiving for the past two seasons, and when I ascertained that besides the Bank of Nevada fifty-eight persons were interested in that purchase, whose views as to its ultimate disposition would have to be ascertained before I could relieve the Bank of Nevada of its advance, I told Mr. B. L. Fulton to say to the President of the bank that I would prefer the bank should maintain its advance of \$4,000 until the form of the organization of

the community could be determined. It would have been impossible for me to have had a definite agreement with reference to this purchase. The parties interested were fifty-eight gentlemen, with but few of whom I had talked on the subject. I could not acquire it without the sanction of all, nor without a definite statement of the terms upon which I was to hold it. Besides, the signers of the note given to the bank, have never signified to me that they wished me to carry this property. It is possible they may prefer to carry it themselves.

It is unnecessary, however, to go into the question of just understanding, depending upon the varying construction given to casual conversations. I am as willing now as I was in 1889 to do anything reasonable to favor a storage system, and if the Bank of Nevada is unwilling to maintain its advance of \$4,000 until the people can act upon the question of the organization of the note which I was to hold, I will, upon my return to Nevada, about five weeks hence, see that the necessary arrangements are made.

In conclusion I will say that I am more than ever impressed with the importance of organizing a water district on the Truckee. The prosperity of the entire community depends upon a mutual understanding of the properties which are now held together should not be scattered, as they probably will be if it fails to acquire them. Once scattered, it will be almost impossible for the community to secure them, except at enormous cost.

Personally I have no interest in this matter, other than as a citizen interested in the development of the community and the State. The properties are worth, merely as agricultural and timber lands, more than paid for them, and if the community fails to secure them, they will be sold them at a price in advance of what they cost me.

I trust that the movement which means so much for the development and prosperity of Nevada will receive the hearty co-operation of the prominent and public spirited men whose names have been published and interested in this transaction. I should like to have remained over to attend the meeting on Saturday and consult with these gentlemen, but questions affecting the mining and irrigation interests of Nevada have absorbed so much of my time during the past three years that I find it imperative necessary for me to give continued attention for the present to the property interests of the estate of which I am trustee, in Washington and California.

The organization for energetic action of such a body of men as meet on Saturday, will accomplish more for the general good than any individual effort, and I hope and believe that the good citizens of Washoe county will urge it to a triumphant conclusion. Sincerely,

FRANCIS G. NEWLANDS.

Such a manly letter from Mr. Newlands should put to the blush the leaders who have impugned his motives from the day he came here to the present time. No one could have shown a deeper interest in the well-being of this State and particularly Washoe county than has Mr. Newlands, and it is both unfair and unjust for anyone to question his honesty of purpose. Such a tempest in a tea-cup as has been started by the reservoir site purchase is calculated to do the town and county much injury and will have a tendency to keep out capital from seeking investment within our borders. We are all willing to admit that capital and people are what we want to make us prosperous, yet the first man who ever shows any disposition to invest a cent is figuratively speaking, accused of every crime known in the calendar. That is not the way to build up a community, and to the shame of our people realize that fact the better off they will be.

Reno Holds the Palm.

Dr. Phillips, the Pastime Tennis Club's best player, who unfortunately, through spraining his ankle, was incapacitated for play in the State tournament, went to Carson Saturday in response to a challenge from the State's champion, Mr. Barnes of Virginia City. A number of the spectators were from Virginia and Reno, besides a large crowd of Carsonites, and they were treated to a close and exceptionally fine game, in which Dr. Phillips proved the victor, thus wresting from Virginia City the honors of the State's championship.

"The Empress."

Miss Gibbs, the fashionable milliner, and proprietor of a fancy goods establishment on Virginia street, has named her emporium "The Empress," and by that name it will hereafter be known. "The Empress" presents the finest display of holiday novelties ever opened in Reno. Do not fail to attend the Xmas opening on November 27th. A large variety of Xmas goods will be displayed.

Killed by His Brother.

Judge Ben. Currier received a telegram this morning from A. J. Miller, of Austin, to come at once to Austin, as Alfred Welch, the well-known mining man, had been killed by his brother at Lodi, and that the brother wanted Judge Currier to come at once. No further particulars are given. Judge Currier will leave for Austin tonight.

Grain from the North.

P. Horan came in from Surprise Saturday night with 12,000 pounds of barley and oats, and Charles Valkman came in with 9,000 pounds. W. O. H. Martin bought the oats. The teams loaded up with groceries at W. O. H. Martin's to-day for the farmers and will leave to-morrow for Surprise.

THE HAMILTON CASE.

The Damages Awarded by the Jury Likely to be Set Aside. It is more than likely that Judge Hawley will set aside the verdict of the jury in the case of Hamilton vs. the Southern Pacific Co. The jury Saturday afternoon gave a verdict awarding Hamilton \$44,750. It seems, however, that Judge Hawley, in his charge to the jury, instructed against Hamilton on the question of the ticket, declaring that the company had a right to take up his ticket and eject Hamilton from the train the damages awarded by the jury are certainly wrong.

MINSTRELS.

Reappearance of Goodyear, Elitch & Schilling's Company. The Sacramento News says: "The Goodyear, Elitch & Schilling minstrels last night pleased an appreciative audience at the Metropolitan Theater. If any criticism could be offered it is on account of lack of real negro minstrelsy in the way of banjo playing and old-fashioned songs. "E. M. Hall is a superb banjoist, and so far as he goes lights up the performance to a satisfactory degree. "Goodyear, Elitch & Schilling are in their specialties. "Signor Garcia won storms of applause for his sultano solo. A sultano is a sort of a double-decked zither. They will be here next Wednesday night."

Beef Cattle.

Sunday's Silver State says: N. H. A. Mason has sold 500 head of beef cattle to Joseph Marzen of Lovelock, and they will be fed at the meadows this winter. Seven hundred head of beef cattle belonging to Stauffer & Sweetser arrived here yesterday from the firm's Oregon ranch. Most of the cattle will be fed here this winter and the remainder shipped to San Francisco.

Burglar Arrested.

Constable Upson returned this morning from Sacramento, bringing with him the burglar Summerfield, wanted here on five charges. The officer also arrested the coon, White, who robbed Jamison's house here, but the authorities at Sacramento had been looking for him to answer a similar charge there, and would not let him come until answering the complaint in that city.

The Woman's Guild.

All ladies who have fancy work to contribute to the Bazaar to be held at the Pavilion Wednesday and Thursday nights will please send the same to Mrs. Pininger's residence on Second street. As the ladies wish to charge very reasonable prices for articles to be sold, they would like an estimate of cost attached to each contribution. COMMITTEE.

Snake Hunting.

The boys stopping at Dan O'Keefe's Grand Central Hotel had some fun "snake hunting" Saturday night. The victim was a well-known doctor, and it is said that he held the bag and swung the lantern until he was driven from his station by the cold at an early hour Sunday morning.
